IRRIGATION EMERGENCY NOTE FROM SAM DE ANGELO

Our irrigation source is getting dangerously low even with our make up well running and cannot keep up with evaporation and irrigation. Sarasota County has asked all to reduce watering through out the County.

Effective immediately, I am shutting down irrigation so as to prevent any damage to our pumping station.

Hopefully, we can turn back on shortly as we will be getting some rain soon and I will monitor the lake level. We will restore irrigation when the lake level rises again so as to not expose our intake lines as they are now.

100 WAYS TO CELEBRATE

I'm sure she would love to hear from you. Melba is an original homeowner coming to our community in 1986.
