

# VOICE OF THE VILLAS

November 2, 2022

From Board Member **JIM LARR**

Please note that the new irrigation company will be on the grounds Friday, November 4th checking the settings, coverage and repairs. Nothing under the debris will be touched until it is removed.

We know the grass is in need of water but we saved any charges for irrigation for the month of October and actually we are trying to wait until the debris was removed. We decided we could not wait any longer. Hostetler would have been here Thursday but we will be having our usual mowing that day.
