our first party of the New Year.

### An Important Message from the Masters Association to All Residents

Please note to check your personal insurance policy for a LOSS ASSESSMENT RIDER or coverage. Your agent can tell you if this is included in your policy as it would cover the SPECIAL ASSESSMENT which will be levied for damage from Hurricane Ian. Kindly review the Master's website for further details re: the Assessment and other critical issues which impact both the Villas as well as our broader community.

A Special Thank You to **ALICE KIENITZ** who has served on the Masters Board for four years, and as its President. We thank you for your distinguished leadership.
